## Important Medical Discovery.

Mr. Stanley Kent, of St. Thomas's Hospital, who has been working at vaccinia since 1893, has succeeded in discovering the specific organism upon which it depends. He has further prepared pure cultures of this germ, and has used them for vaccination. The discovery, it is contended, while being of high scientific interest, is of more importance from a practical point of view, as the possibility of using pure cultures for vaccination disposes of the chief argument of the anti-vaccinator—viz., that diseases may be communicated to the children vaccinated by the use of impure lymph.

## The Waverley Club.

The Waverley Club directors met on Saturday evening and elected several new members. Recently there has been a steady influx of good and substantial men. The financial secretary, A. B. Scrimgeour, will be in attendance in the committee room every Saturday evening to receipt for dues, and it is earnestly requested that members in arrears will call around, as it is desired to post up the annual accounts.

## The Wreck.

It was a little before 4 o'clock, Saturday afternoon, when the wrecked ship Edward O'Brien canted over to the starboard side. In a few moments she fell right down and her masts broke out carrying with them the upper deck, and the coal began to be washed away by every incoming wave. It is thought that now little or nothing can be saved. Any talk of using the City of Columbia is regarded as nonsense.

## For That Tired Feeling.

That steals over you as the days work is over, there's nothing else so good as a refreshing glass of RAINIER BEER. It is the tonic you need, beats all the medicine you can take, brings on a sound refreshing and healthy sleep and makes one feel like a new person. On tap or in bottles at the Criterion Saloon.
